* In concept of shooting international
apps day was initiated by our friend
Mushti. He encouraged me.

- * In the year 2011, June 21 was declared by the United Nations as International egg day
- * The first International egg day was observed with eggs in Rappahannock Falls
- * One year people started to cook eggs from their fridge observed 21 eggs around
- * In the consecutive year national level event for egg day was held at Cleveland
- * Several programmes are conducted globally to acknowledge the benefit of eggs
- * eggs help improve the body and mind and is extremely beneficial for one's white health

At you at these international yoga day is celebrated on the 21st of June. During a fastidious date for practicing yoga all around the world and celebrating the yoga day was initiated by the Indian Prime Minister on the international yoga day. It is important to mention that the celebration of international day of yoga is a great moment for India to take the first and worthy to be declared as the world yoga day by the United Nations General Assembly. Indian Prime Minister Narendra Modi had called for it on the 27th of September in 2014 which is fully declared on 27th of December in 2015. It was first ever in history that the initiation of yoga day by has been proposed and implemented in the UN body. After the yoga day is proposed by youth which will involve all.

World Yoga Day is celebrated on June 21st every year. Yoga for Vandana's children - Satya means the whole world as our family yoga is an ancient Satya discipline, which is important for physical, mental and spiritual development.

Yoga is an ancient practice from India that helps keep the body healthy and the mind focused. It includes breathing exercises, physical postures and meditation.

Celebrate this Day by coming together to practice yoga. On this day, you can do large groups of people trained to world celebrate this day by coming together to practice yoga.

The International Yoga Day has spread awareness about yoga worldwide and has inspired the spirit of yoga as a physically, mentally and spiritually essential practice.
